BLACK MAX REELS

Maximum Performance, Professional Results

Abu Garcia enhances popular line of reels

The Abu Garcia® Max™ reels are dedicated to giving everyday anglers professional results. It doesn't matter if they head to the local river or to their favorite impoundment, the Max family of reels can handle the stress of everyday use.

Abu Garcia has made many enhancements to the popular line, giving them even more attributes that make them a workhorse. Each feature a machined-aluminum ported spool that greatly reduces overall weight. The line of Abu Garcia Max reels have a one-piece graphite frame and graphite sideplates.

Utilizing a MagTrax brake system, the Black Max is consistent throughout the cast and won't let anglers down when fishing all day. The popular reel has a 6.4:1 gear ratio and features a Power Disk drag system, Duragear brass gear, one-piece graphite frame and compact, bent handle and star that provide a more ergonomic grip.

RRP for the Black Max is \$119.95 and \$149.95 for the Black Max combo.
