ABU 5600 C Black, Red button, # 770100, new in box, mint

5) *ABU 5600 C Black, Grey button, #770300, reel only, rated 9*

Notes:

1) This reel has the same color as is used on the handle of the Ambassadeur 3000. Simon Shimomura claims he has only seen 4 reels like this. A rare variation.

2) First production batch, 80 mm nickel power handle and a different shade of deep green.

3) First production batch, old style side plates and level wind, mushroom screw heads, smooth foot and old style end caps. Very hard to find.

4) These two reels are 100% identical, proof that the version number is not always a reliable source for information.

5) The grey, or black button variation is very rare and I have only heard of two other reels fitted with this button.
